**Subject:** After School Stop Motion Project – Completed Video!

Good evening Ms. Moser,

I'm excited to share that the students in my after-school art club have completed their stop motion animation project! They worked hard over the past couple of weeks—brainstorming, storyboarding, creating backgrounds and characters, and carefully capturing each frame. The result is a short but creative and expressive piece that reflects their collaboration and artistic growth.

Here is the link to view the final [video](#).

It will be revealed to the students this Friday. Thank you for your continued support of our arts programs!

Best regards,

Thank you so much for sharing these. They are terrific! I waited five years to finally have digital Arts for our students and YOU made it possible! I'm so grateful for you and I really hope you enjoyed the journey with the students. Fantastic work! Please be proud of your accomplishments and professional growth. I'm proud of you and our students. They are so talented and creative! I'd love for you to have a culmination activity to share with others. Let's discuss.

Have a great evening! 😊
